Platinum Curve Heavy Duty Stairlift

A sample of the Platinum Curve heavy duty stairlift has been subjected to a test consisting of 50,000 return journeys over a 6 metre long test rail with of a bottom over-run, a top over-run and 1 x 90° bend. The carriage is run at an elevated duty cycle and a sub standard service schedule to simulate worst case conditions. The test was completed 11/10/10.
